**THE THEILMANN
SEED CO.,**

1517 STATE STREET,

(Opp: Central Market House)

ERIE, PA.

To Our Friends and Customers.

1517 State Street,
ERIE, PA., JANUARY 20, 1905. }

With great pleasure we are placing with you one of our 1905 Price Lists of all kinds of Seeds, Bulbs, small Tools, etc., and we hope we will again be able to do some good for you. We have had the confidence of your patronage for the past years and hope that we will be able to have same in the future, as it has been our aim to try and get the very best seeds the market can produce, and we will assure you we have appreciated your trade and we will try and do the best we can in the future.

On some seeds, prices will be about the same as last year, while some will be a good deal lower. Wax Beans seem to be shorter than any kind of Garden Seeds. Our stock on them is good.

REMITTANCE.—Orders, to insure prompt attention, should always be accompanied by remittance or good reference. We will be responsible for money sent us by postoffice order, registered letter, bank draft or express order. When these are not obtainable, or to make proper change, we accept postage stamps the same as cash. Two cent stamps preferred.

C. O. D.—Orders amounting to over \$10 may be sent by express, c. o. d., if desired, provided one-fourth of the amount accompanies the order. Plants or other goods of a perishable nature cannot be sent c. o. d.

WE GUARANTEE all shipments of Seeds, Bulbs, Plants, Implements, etc., to reach the purchaser safely and in good condition.

WARRANTIES.—We test our seeds as to vitality and can assure our customers that none are superior to them in purity. Complaints sometimes made that seeds are not good may quite as often be attributed to other causes than the quality of seeds. There are hundreds of contingencies continually arising to prevent the best seeds from always giving satisfaction, such as sowing too deeply, in too wet or too dry soil, insects of all descriptions destroying the plant as soon as it appears, wet weather, cold weather, frost, etc. A very common cause is heavy rain after sowing, the constant baking of the ground, and there are many others which the planter cannot govern.

It is a well known fact that many plants tend to revert to their original type, notwithstanding the care of the seed grower or planter.

THE THEILMANN SEED CO. gives no warranty, express or implied, as to description, quality, productiveness or any other matter, of any Seeds, Bulbs or Plants they send out, and they will not be in any way responsible for this crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

As the seed season continues only for a few months in the year, there is of course a great pressure of business just at the sowing season. Except in cases of extreme urgency, all orders will be filled in rotation as received. Please forward your orders as soon as possible after the receipt of this Catalogue.

Thanking you for your past favors and hoping we may be favored with your future ones,

We are yours,

THE THEILMANN SEED CO.,

Opposite Central Market House.

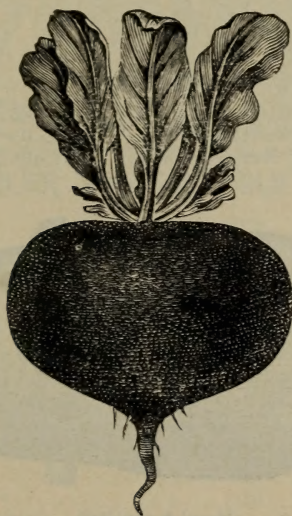

1517 State street.

Prairie State Incubators and Breeders.

No. 1 Baby, 50 Egg. Price, \$6.00.

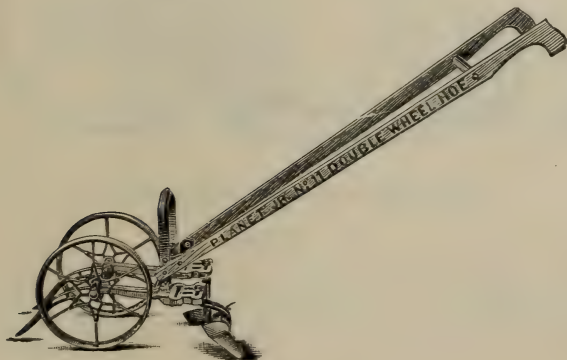

Write or send for an Incubator and Breeder catalogue. You can have same by asking for them. We carry a full line of them from 50 up to 500 eggs. We will guarantee all of our Incubators to hatch.

Planet Jr. No. 4.

Complete, \$11.00. Without Cultivator Attachments, \$8.00.

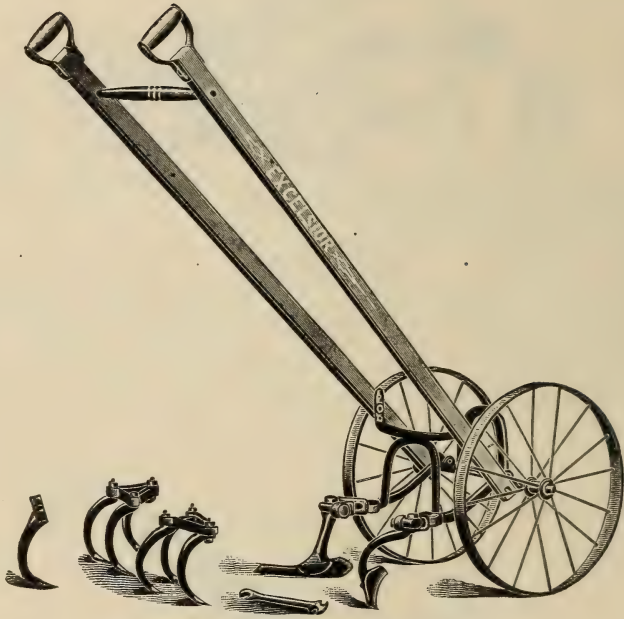

This combined tool has been greatly improved for 1905 and brought to a point of such wide usefulness and such perfection at work that we can hardly recommend it too highly. Write for a Planet Jr. catalogue, giving full description of all these tools. They are the only Seed Drills on the market to-day. Will sow right and correct. Every gardener should have one of them.

Planet Jr. No. 13.

Double Wheel Hoe. Price, \$4.00.

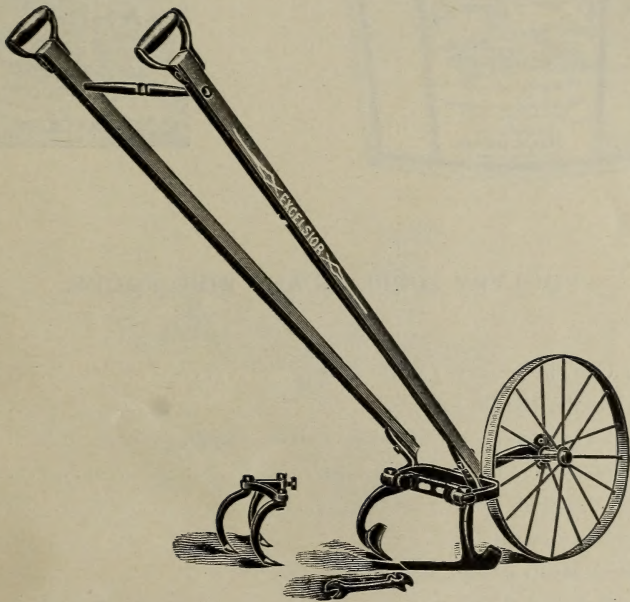

The above is also a good garden tool for any kind of small planting. Send for regular Planet Jr. catalogue.

The Excelsior Double Wheel Hoe.

Price, \$5.00.

This is a light, strong machine, built especially for onion raising and other field work. It has been in use only seven years, but is giving perfect satisfaction. Every gardener should have one of them.

The Excelsior Single Wheel Hoe.

Price, \$3.50.

This machine is built for all kinds of light work. Every kitchen gardener should have one of them. We have several gardeners using them and would not be without them. Get one and try it and be convinced yourself.
